About Us

myHappymind is an award winning, NHS backed whole school and nursery curriculum. It teaches children preventative habits that support positive mental health, resilience and self esteem.

Taught to every child in a school from Early Years through to Year 6, myHappymind is delivered via an innovative technology platform making learning easy and fun.

All of the concepts we teach are based in science and research and grounded in Neuroscience and positive psychology.

We are passionate about supporting teacher wellbeing too and so all schools using the programme have access to a teacher wellbeing programme.

We are also proud to support parents by providing them with a free app to continue the learning at home.

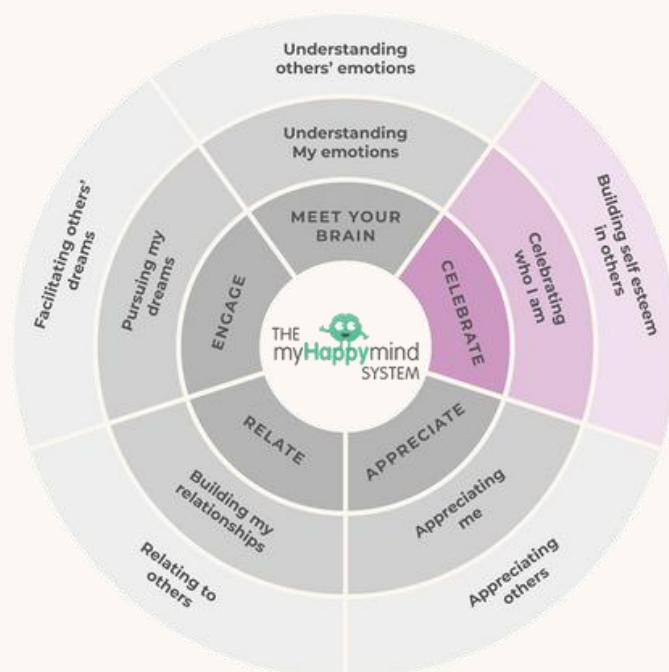

Celebrate

We have just come to the end of the Celebrate module in the myHappymind programme.

We have learnt:

- What Character Strengths are and why they matter.
- How to recognise Character Strengths in ourselves.
- How understanding Character Strengths can make us feel.

Celebrate

**Why not ask your children to tell you what they have learnt?
Here are some questions to help you:**

What is your top Character Strength?

Which strength would you like to grow and use more?

**Why is it important to spot
Character Strengths in other
people?**

Support your child at home

Log onto the parent app for more information about the Celebrate module and how you can support your child at home.

There are lots of activities you can do together including creating strength spotting glasses, listening to the story and song plus much more.

There is a whole Kid's Zone for your child to enjoy with interactive games. As well as resources for grown-ups too.

myHappyMind for Parents

Exclusively for parents with children at a myHappyMind School or Nursery.

MY HAPPY MIND

BY LAURA EARNSHAW

My Happy Mind is the first book by our founder Laura Earnshaw. The book reveals all science-backed secrets used in our curriculum to empower and educate parents - whether your child is struggling already, or you're interested in future-proofing their mental health, there's something in here for everyone.
