

Children are taught to **think critically** about History, and **communicate ideas** confidently.

We provide our children with a high-quality history curriculum, that **makes connections** with prior learning and supports the children in making **meaningful connections** with the wider world.

A curriculum that **chronicles, investigates and explains** the past and helps us to better understand the present.

The curriculum provides the children with the **skills** to **enquire, apply, question, research and analyse**. It provides opportunities to contemplate the '**Bigger Questions**'.

The curriculum **inspires** in our children a **curiosity** about Britain's past and that of the wider world.

Children Leave Singleton School **knowing more and remembering more**. The RE curriculum prepares them for their future **aspirations**.
